WASHINGTON.

Report of the Committee to Investigate the Danville (Va.) Riot—Ker Not Afraid of Kellogg's Shot-Gun.

McKinley's Seat in the House Given to Wallace, the Contesting Democrat.

Senator Brown's Opinion of New England Morals Expressed in a Speech on the Utah Bill.

Other Notes.

THE DANVILLE RIOT WAS PREMEDITATED.

WASHINGTON, May 28.—The majority report of the Senate Election Committee on the Danville riot was submitted yesterday. It declares that the riot was preconcerted for the purpose of intimidating the negroes. The committee found no evidence that the negroes had fired a shot until after the whites had fired a volley. The whites were generally armed, but the negroes were not. Arms were distributed from shops and stores to the whites who had none. The objects of the whites were: First, to intimidate the colored voters in localities were they were strong; and, second, to produce such a feeling in the State as would induce white electors to join with their own race and escape the reproach to which they would be subjected if they fraternized with the "niggers." It was made to appear that the blacks were the offenders, when in truth the white Democrats were in possession of the town.

PRESIDENT ARTHUR IN FAVOR OF PEACE.

Thirty delegates from the Universal Peace Union called upon the President yesterday. The President of the Union made a short address in which he said that the object of the visit was to testify their approbation of the President's Administration and particularly his course in reference to the Congo River and the Panama Canal. President Arthur, in reply, expressed his sympathy with their cause, and added that it was nearly settled that this country would remain at peace with other nations.

KER IS NOT AFRAID TO MEET KELLOGG.

Star-route Attorney Ker continued his story before the Springer Committee yesterday. He declared that he had been told that Kellogg had gone about newspaper offices and talked about him. He had also been told that Kellogg had said he would or ought to take a shot-gun and blow out his (Ker's) brains. If Kellogg wanted that kind of satisfaction witness would be there.

OPPOSED TO INVESTIGATING NEW YORK BANKS.

Comptroller Cannon was before the Senate Committee on Finance yesterday. He read an elaborate statement respecting the financial troubles in New York, in view of Morgan's resolution proposing an investigation. The committee adjourned before the statement was completed. An injunction of secrecy was imposed upon the members, but, it is said, Cannon doesn't favor the investigation because of the unsettled feeling it would cause in the country.

GOOD TEMPLARS.

The Right Worthy Grand Lodge of Good Templars convened here yesterday for the thirtieth annual session, with four hundred delegates in attendance, representing Canada, India, Prince Edward's Island and every State in the Union. R. W. G. T. Kutzenstein, of Sacramento, presided.

GENERAL PLEASANTON.

WASHINGTON, May 28.—The House Committee on Military Affairs will report favorably the bill retiring General Pleasanton as Colonel.

DON CAMERON

appeared on the floor of the Senate yesterday and received quite an ovation from the members.

SENATE.

When the Senate met yesterday morning the reports of the Committees on Postal Telegraphy and on the Danville (Ker Investigation) were submitted. The bill to grant the Cinnabar & Clark's Forks Railway the right of way through the Yellowstone Park was taken up. Mr. Logan opposed the bill, saying that there was a disposition to gobble up everything about the park by railroad and hotel companies. He had been "lobbied" more this winter in behalf of this railway by an official of the Government, who received $20,000 a year, than ever before in his life. He thought it very bad taste for an officer of the Department having charge of the park to become a lobbyist for its destruction. Mr. Vest declared that every word said by Mr. Logan was true. He said that the parks was under the control of a private corporation. The matter went over and the Utah bill was taken up. Mr. Brown said the Edmunds bill was a shameful violation of the Constitution. He contrasted what he termed "polygamy in New England and in Utah." In the last twenty years over 27,000 divorces had been granted in New England, turning loose 61,000 persons to marry illegally, except those who were divorced for adultery. A nation of Mormons was impossible, but not a nation of libertines. Assuming that one-third of the divorces in New England were for adultery, there were 36,000 divorced and married again who were practicing polygamy in New England, while in Utah, the Edmunds commission could find but 1,200 men and woman who had been living in polygamy. In Massachusetts in the last thirty years the population had increased forty-four per cent., marriages sixty-five per cent., and divorces 147. As a citizen and a Senator, he felt it his duty to express his convictions with regard to this great evil which was undermining society, the family and the State. Mr. Brown spoke sarcastically of the Utah test oath for voters, which excluded those who lived with more than one woman "in the marriage relation," but allowed Gentiles with one wife and one or more mistresses to vote without trouble. Mr. Hoar said that the logical inference to be drawn from Mr. Brown's speech was that polygamy was better than lawful marriage. He could, if he would, reply to Mr. Brown with similar arguments. A motion to adjourn was made, to which Mr. Hoar objected. The motion failed, 27 to 27, as did another to go into executive session. Mr. Hoar then said he would not insist upon keeping the Senate, and an adjournment was had.

HOUSE.

After the House had passed the resolution appropriating $100,000 more for the relief of the sufferers by the overflow of the Mississippi and its tributaries, the Wallace-McKinley contested election case was taken up again. When Messrs. E. B. Taylor and Cook had spoken, one for each side, Mr. Hurd arose. He said that he believed the wrong member had been elected. He based his opinion upon the fact that a number of illegal votes had been counted for the Democratic candidate. Mr. Mills believed that Mr. McKinley had been fairly elected, and he would not allow party clamor to allow him to vote against his convictions. Mr. McKinley then made a short speech, declaring he declared that he did not want any seat which could only be retained by technicalities. After Messrs. Rapsher and Turner spoke in the interest of Mr. McKinley, the Democrats who voted for the resolution declaring McKinley entitled to the seat were Messrs. Dibrell, Dorsey, Hurd, Mills, Potter, Robertson and Wise. The majority resolution was then adopted and Mr. Wallace appeared and took the oath of office. The House then adjourned.

Scalped by a Chicago Hotel.

CHICAGO, May 28.—Judge Tuley granted [illegible] the application of Jane Cook for a mandamus in the case of Clover against Cook for the possession of the furniture in the Tremont House and the profits of its hostelry since January, 1879.

The McKeague Case.

CHICAGO, May 28.—The McKeague case was given to the jury at 5:20 o'clock yesterday afternoon; after the able addresses from Colonel Van Arman on behalf of the accused and State's Attorney Mills on behalf of the people. At 10:10 o'clock last night the jury had not yet agreed upon their verdict, and Judge Anthony adjourned the court to ten o'clock this morning. The jury agreed upon their verdict at 1:15 o'clock this morning, and immediately were allowed to go to the Revere House as agreed upon before. What the verdict is can only be surmised; but it is, in all probability, not guilty.

"FOX'S BOOK OF MARTYRS" contains many frightful stories of most agonizing suffering. But nothing, either in story or picture, can be more distressful than the sharp, severe, shooting pains daily and nightly endured by those who are martyrs to that most terrible torment, Neuralgia. To get rid of this martyrdom is the first business of all who suffer.

ATHLOPHOROS regenerates painful nerves, and drives out the horrors of Neuralgia.

ATHLOPHOROS gives health to Rheumatic sufferers whom the most skilful physicians have not been able to heal.

ATHLOPHOROS operates on the blood, muscles, and joints; and dissolving the acids that cause Rheumatism, removes them from the system.

ATHLOPHOROS is pronounced by all who have tried it an infallible specific for these obstinate and painful diseases.

Read the testimony of one of the sufferers. David Little, Sumner, Benner Co., Iowa, writes:

"I am past 77 years of age, have had the Rheumatism three years and eight months; lost one-third of my weight; could not walk, but shuffled along on crutches; could not sleep; nerves shattered, no strength in my hands, wrists, knees or feet. But thanks be to God for your great discovery! ATHLOPHOROS. Thereof arrived Saturday night. I took a dose Sunday morning, felt it all over me, and kept on with it. Monday morning I got up and dressed myself, and walked out into the kitchen without the aid of crutch or cane, and wished them all a happy New Year. I rest well nights, am gaining in strength, and once more enjoy life. Wish I could put ATHLOPHOROS in the hands of every sufferer from this terrible disease."

If you cannot get ATHLOPHOROS of your druggist, we will send it express paid, on receipt of regular price—one dollar per bottle. We prefer that you buy it from your druggist, but if he hasn't it, do not be persuaded to try something else, but order at once from us as directed.

ATHLOPHOROS CO., 112 WALL ST., NEW YORK.

We have spent over $100,000.00 in defending our right to the Durham Bull as our trade-mark. Undoubtedly he is to-day the most valuable Bull in the world. Now it stands to reason that we couldn't afford to protect him so thoroughly if BLACKWELL'S BULL DURHAM Tobacco, of which he is the representative, wasn't the BEST Smoking Tobacco ever made.

The sales of Blackwell's Bull Durham Smoking Tobacco for several times those of any other brand in the world, simply because it has been, is, and will be, the best that can be made. All dealers have it. Look for trade-mark of the Bull on every package.

IF this cool weather continues through next week there will not be any chance for a sun stroke for Mr. Blaine in this latitude.

CARL SCHURZ'S harvest will soon be here. He is already kicking at republican methods so as the better to command $200 each for his speeches during the coming campaign.

IT is strange that just now we do not hear from Blaine or Logan upon the question of distributing the treasury surplus, or disposing of the whiskey tax for educational purposes.

IF the Morrison bill had not been defeated and was still under discussion, what a howl would have gone up from the protectionist press, making it responsible for the late Wall street failures.

BEN BUTLER is in favor of a sufficient amount of revenue for the economical administration of government, and no more; and in laying these duties to tax all articles of luxury up to the collection point.

THERE is talk of adjourning court to enable farmers to finish corn-planting. "Farmer" Johns should inform the court and bar that the farmers of Macon county are about all done planting, and that there are over twenty prisoners in jail awaiting trial.

THE Macoupin Enquirer propounds the inquiry: "If a high tariff makes good times, why not make it higher and higher until everybody will be prosperous? If it is high tariff that developes the country and makes good prices, as the republicans claim, the higher it is the greater the development and the prosperity. If not, why not? Will some protectionist please answer."

THE New York World of Monday says: "The republican candidates are thinning out. The old stalwart guard had secretly cherished the belief that after a severe struggle at Chicago the leading candidates would destroy each other, and then Grant's name would be suddenly brought forward and carry the convention by storm. The exposure of the fraud of Grant & Ward has put an extinguisher on this hope."

PURSUANT to a call issued by the national officers of the Women's Christian Temperance Union, temperance prayer meetings were held throughout the United States on Tuesday, and the day set apart and devoted to fasting and prayer for divine guidance in the selection of a presidential candidate by the republican convention next week. This conduct or action of the W. C. T. U. can hardly be looked upon as calculated to promote the chances of Mr. Arthur and his "shrimp salad."

OUR views on our present financial system are pretty generally understood. They have at all proper times been fearlessly expressed. Their reiteration is not necessary now, but if the Republican will give its views on the license question, the REVIEW will answer almost any question that may be asked. Just tell the public whether it would be a good thing to have our present no license system continued, or would it be better to have 24 saloons, and $12,000 or $15,000 in the city treasury. Come now, Bro. Mosser, give us an opinion, just once!

"Is the old ship sea-worthy," many honestly ask. There are at least many rotten timbers in it that should be replaced. The exposure of the transactions of Grant & Ward, and the willingness of capitalists to invest their money with a firm on the basis of corrupt government contracts shows the purpose of Wall street in keeping the present party in power. Corporations and protected monopolies have their attorneys among members of congress and their friends in the different partments at high salaries. Let the old ship of state be righted by the election of a democratic president, and replacing the rotten and worm eaten timbers by sound ones.

A DISPATCH from Washington announces that Secretary Folger has decided it all right and proper for the Chinese government to send operatives with a silk loom to be exhibited at the international cotton exposition at New Orleans, with the understanding, however, that they leave the country as soon as the show is over. We are gradually catching up with the Celestials in governmental matters. The Chinese government doubtless has many similar decisions filed away among its archives, dating back thousands of years, and it may be that the honorable secretary's "decision" is only a translation of some Chinese stat paper executed and filed long before the discovery of America. Verily, there is nothing new under the sun!

Butler Will be Nominated.

INDIANAPOLIS, IND., May 28.—The National Greenback and Labor Convention, with 500 delegates, assembled at 11 o'clock. The utmost confusion and wrangling characterized the temporary organization. Intense animosity exists between the Butler and anti-Butler factions. The convention adjourned to 2 o'clock p. m. to await for the report of the committee on credentials. A split over Butler is probable, but he will be nominated.

AYER'S Hair Vigor

restores, with the glow and freshness of youth, faded or gray hair to a natural, rich brown color, or deep black, as may be desired. By its use light or red hair may be darkened, thin hair thickened, and baldness often, though not always, cured.

It checks falling of the hair, and stimulates a weak and sickly growth to vigor. It prevents and cures scurf and dandruff, and heals nearly every disease peculiar to the scalp. As a Ladies' Hair Dressing, the VIGOR is unequalled; it contains neither oil nor dye, renders the hair soft, glossy, and silken in appearance, and imparts a delicate, agreeable, and lasting perfume.

MR. C. P. BRICHER writes from *Kirby, O., July 3, 1882*: "Last fall my hair commenced falling out, and in a short time I became nearly bald. I used part of a bottle of AYER'S HAIR VIGOR, which stopped the falling of the hair, and started a new growth. I have now a full head of hair growing vigorously, and am convinced that but for the use of your preparation I should have been entirely bald."

J. W. BOWEN, proprietor of the *McArthur (Ohio) Enquirer*, says: "AYER'S HAIR VIGOR is a most excellent preparation for the hair. I speak of it from my own experience. Its use promotes the growth of new hair, and makes it glossy and soft. The VIGOR is also a sure cure for dandruff. Not within my knowledge has the preparation ever failed to give entire satisfaction."

MR. ANGUS FAIRBAIRN, leader of the celebrated "Fairbairn Family" of Scottish Vocalists, writes from *Boston, Mass., Feb. 6, 1880*: "Ever since my hair began to give silvery evidence of the change which fleeting time procureth, I have used AYER'S HAIR VIGOR, and so have been able to maintain an appearance of youthfulness—a matter of considerable consequence to ministers, orators, actors, and in fact every one who lives in the eyes of the public."

MRS. O. A. PRESCOTT, writing from 18 *Elm St., Charlestown, Mass., April* 14, 1882, says: "Two years ago about two-thirds of my hair came off. It thinned very rapidly, and I was fast growing bald. On using AYER'S HAIR VIGOR the falling stopped and a new growth commenced, and in about a month my head was completely covered with short hair. It has continued to grow, and is now as good as before it fell. I regularly used but one bottle of the VIGOR, but now use it occasionally as a dressing."

We have hundreds of similar testimonials to the efficacy of AYER'S HAIR VIGOR. It needs but a trial to convince the most skeptical of its value.

BEATEN BY WIND AND RAIN.

Sailors on the Sea and Laborers on the Land—Help for the Larboard Watch

"There is no telling the force of the wind; an the height and rush of the sea was simply appallinh. When Cornish, the boatswain, and myself came down from aloft, after furling the mainroyal, we were wet through and half dead from hard toil and exposure."

So said the mate of the "Grosvenor," when relating the incidents of an Atlantic cyclone, after nearly all the crew had mutinied and left the ship in boats to escape punishment.

Mechanics who labor upon lofty buildings; carpenters, masons, painters and bricklayers, may be called a kind of shore sailors, and that their numbers are not more largely decimated by accident and disease is a marvel. Mr. Jabez Rogers, tack pointer, house painter, etc., of No. 608 Madison street, Chicago, over a pipe and autumn fire, said to your correspondent:

"No, I am only a young man yet—thirty-five, that's all; but the kind of work I do tells on a fellow's looks and constitution. Last Spring I was about run down with brick-work and exposure. I had to give up doing any work myself, and just made out to oversee my men in a sort of half-and-half way. I thought I was played out for good and all. I was racked with a cough, stupified with a cold, and sure and disabled with Rheumatism. Ho? I took Parker's Tonic, and it cured me. Those three words tell the story—it cured me."

To all persons subject to risk from exposure Parker's Tonic will commend itself. It purifies the blood, insures the torpid liver to a healthy activity, and opens the pores of breathing. This is the season of out-door perils to health. Keep the Tonic near you. Prices, 50 cents and $1 a bottle. Hiscox & Co., Chemists, New York.

Music for Temperance Camp Meeting.

It is the intention of the committee to do everything in their power to have fine music, as well as fine orators, for the camp-meeting. They have instructed Prof. Lutz to select the best music suitable for the occasion that could be found, which he has done. The books will be on sale at Lutz & Wise' music store about June 7th. Words and music 35 cents per copy, or $3 60 per dozen. Words only, 10c per copy or $1.00 per dozen. This book will meet a want long felt by temperance workers everywhere. It is not only designed for temperance meetings, but it is a desirable work for the home circle. As it is the intention to have one special day for all Sunday schools in Macon and adjacent counties, to unite, it will be necessary that each school secure the books as early as possible. Prof. Lutz will meet choristers and organists every Saturday afternoon at the tabernacle, from June 7th until the camp-meeting, to render any assistance they may desire. He will also, at the same place, train a chorus of two thousand children for the occasion. deodw1f COMMITTEE.

PUBLIC SALE.

ON Saturday, May 31st, I will sell a fine lot of A. No. 1 milch cows at my residence, southwest corner Macon and Monroe streets. Southwest part of the city. Sale to commence at half past 1 o'clock.—Terms: A credit of eight months will be given, taking notes with approved security, drawing interest at 8 per cent. if not paid when due. MICHAEL PHELAN.

On the 12th inst. Dr. R. L Walston, of this city, assisted by Drs Brown, Moore & Barnes, and other Decatur physicians, removed an ovarian tumor from the body of Mrs. Lovina Yelton, who resides on North Morgan street. Mrs. Yelton had been suffering for several years, and the tumor had attained such an immense size that her life was a burden, and her choice was between the "knife and death." The necessity of the operation was apparent to Dr. Walston long ago, but it was a very difficult and dangerous one, and the patient averse to its performance. At last it was consented to by Mrs. Y, as the only means of saving her life, and it was accomplished successfully as stated in the REVIEW at the time The tumor weighed between sixty and seventy pounds, and its successful removal was a triumph of surgical science and skill very creditable to Dr. Walston and his associates, and highly gratifying to the patient and her numerous friends, whose gratitude cannot find expression in words. Mrs. Yelton is now entirely out of danger and her early recovery and restoration to her wonted health is confidently looked forward to.

Swindling Game.

A young man named Bartlett came to the city yesterday, from Clinton, intending to go to St. Louis, but missing the afternoon trains, was forced to lay over until this morning While standing in front of the Laclede hotel, he was approached by a man who engaged him in conversation, and after learning of Bartlett's destination remarked that he lived in St Louis, and was also going down this morning. He represented himself as being in business there, and offered Bartlett a situation as teamster, he to commence work upon arriving in St. Louis. The offer was accepted and the two parted, to meet up town a little later on. Along towards evening they met at the postoffice, and started for the express office to get a package the stranger was expecting. They walked around to the steps leading to the Guards' old armory, up which the stranger went, leaving Bartlett standing at the foot. Shortly after he came down, saying he could not get his package on account of his inability to get a check cashed. He then asked Bartlett to loan him some money, handing him the check for security. The greeny gave him twenty-five dollars and that was the end of it, as the fellow hurried up stairs and was seen no more. Bartlett soon tumbled to the fact that he had been swindled, and notified the police, but he could not furnish a good description of the man who swindled him.

GATHERING OF THE CLANS.

Interesting Gossip Among the Advance Guard of Delegates to the Republican Convention.

Martin I. Townsend, of New York, to Nominate President Arthur—The Contesting Delegates.

Changes in the Convention Chamber Which Will Reduce the Seating Capacity for Spectators.

The Coming Convention.

ON THE EVE OF BATTLE.

CHICAGO, May 28.—The real ante-convention work will begin to-morrow morning. The skirmishers will have arrived by that time, and the programme for the final battle will be made. Commissioner Walter Evans, of Kentucky, is expected to arrive this evening, and he will be followed to-morrow morning by Secretary Chandler, Martin I. Townsend, James D. Warren, Chairman of the New York Republican Committee, and other friends of President Arthur. A large party of New York friends of the President are also expected Thursday morning. From that time on there will be hot work among the delegates, for the working contingents of all the candidates will then be here.

General A. Barto, of the Fifth Minnesota district, whose seat is contested, arrived yesterday to look after his interest in that matter. Joseph D. Weeks, of the Twenty-Second Pennsylvania district, arrived on the same mission. Mr. Weeks received cold comfort from Secretary Martin. Under the call for the National Convention all notices of contest must be filed twenty days before the convention meets. These papers have not yet been filed, and Mr. Martin says none will be accepted by him that do not comply with the call of the National Committee.

Charles W. Clisbee, of Michigan, for many years reading-clerk of the National House of Representatives, is the first applicant for the secretaryship of the convention. He put in an appearance yesterday morning and began the preliminary work for obtaining the place. He was reading clerk of the convention of 1880.

Judge David Davis, who arrived at the Grand Pacific Hotel yesterday, said that Blaine or Arthur would be nominated within four or five ballots. If they fail to get it in that time there will be a long series of ballots. After the bars are let down for the dark horses Judge Davis has no idea who is likely to be the man. Among the other arrivals yesterday were J. H. Stone and Alexander Beattie, members of the National Committee from Michigan and Montana. Among the newspaper correspondents who arrived was George Alfred Townsend, of New York.

A special train of ten sleepers will leave Boston with the New England delegation to the Republican Convention Friday evening and reach Chicago Sunday forenoon over the Lake Shore road.

An eight-sleeper special, with a portion of the New York delegation to the Republican National Convention, starts from New York Friday morning, and will arrive in this city via the Michigan Southern Road Saturday afternoon.

Positive information was received last night that Martin I. Townsend, who is a delegate from the Eighteenth District of New York, will nominate President Arthur in the convention.

It is said by some of Mr. Blaine's friends that his name will be presented to the convention by Mr. Stewart, of Pennsylvania, and that it will be seconded by Judge West, of Ohio, and Mr. Burrows, of Michigan. Mr. Stewart, although not much known outside of his State, is said to be an orator of extraordinary power. Judge West, a blind man, is an extremely effective speaker, while Mr. Burrows is one of the most noted of campaign orators.

The impression prevails that the contesting delegations will be admitted to seats, and will be allowed to retain them even if the Committee on Credentials pass unfavorably on their claims. The first great fight in the convention, unless there should be one over the temporary Chairmanship, will probably be over the Virginia contest. General Powell Clayton said last night that he was in favor of admitting both delegations, allowing a half vote to each delegate.

There was a joint meeting of the subcommittee of the Republican National Committee and the local Committee of Arrangements in the Convention Hall yesterday to decide upon the changes necessary to be made in the hall after the Musical Convention and prior to the Convention. The result of the conference was that it was decided to take out three hundred and fifty seats next to the stage, and in the space thus vacated put up a stage nine inches high on which will be placed tables for the use of three hundred members of the press. The next sixteen hundred seats will be used by the delegates and alternates, which will include the first five rows of seats on the inclined plane. Between the space allotted to the delegates and that for the alternates a row of seats will be taken out for a passage-way, and between the alternates and the general public two more rows will be taken out for the same purpose. A handrail will be put up between the alternates and the public, and picket gates will be placed in the aisles, and at these door-keepers will be placed to keep out all but those for whom the seats are intended. The changes resolved on will take out about 2,200 seats, leaving about 7,000 for the public, including the galleries, in which there are 1,000 seats for the public.

At the meeting there were present John C. New, Chairman of the Sub-Committee; Powell Clayton, of Arkansas, and J. A. Martin, of Kansas, members of the sub-Committee; H. B. Stone, of Michigan, and A. H. Beatty, of Montana, members of the National Committee; S. B. Raymond, Chairman, and W. K. Sullivan, Secretary of the Chicago Committee of Arrangements; also John M. Clark, who represents the Musical Festival Association, and who is also a member of the Chicago Committee, Colonel James A. FIVE KILLED.

Particulars of the Recent Terrible Explosion at Waterford, N. Y.

CORNERS, N. Y., May 28.—A terrible explosion, heard for miles around, occurred at Waterford Monday evening, and caused the entire population to turn out, and it was reported that Gilbert's mill, on the road, had been destroyed, but the surging crowd that had wended its way in that direction soon learned that Moore & Wilson's straw-board factory was in ruins. The storehouse opposite, one hundred and fifty feet away, was also wrecked. An alarm of fire was given, and the department of Waterford turned out, and as they saw no fire they were about to turn back, when they were informed by Peter Quigley, an employe, that his shopmates had been killed. Men set to work among the ruins. A body was discovered on the roof of a building thirty feet away. Two more bodies were found on a gable roof. The victims are Michael Creed, Edward Kelly, Morris Shay, James Reddish and John Heffernan.

Kelly, the man who is supposed to have fallen on the main roof of the Holroyd building and thence to the little roof, and was alive when found, had been married five months. His body was bruised, his head terribly lacerated, and his flesh peeling from his body from scalds. Morris Shay had his right arm broken, and was horribly mangled about the body. His left leg below the knee hung by a thread of flesh. He is said to have a wife and two children living at Albany.

TRAGIC END OF MARITAL STRIFE.

A St. Louis Apple Vender Shoots his Wife and Blows Out His Own Brains.

ST. LOUIS, Mo., May 28.—At 10:30 o'clock last night Adolph Suers, a German apple-peddler about forty-five years of age, shot and killed his wife and then put a bullet through his own brains. For three months past the couple have not lived together, and Mrs. Suers supported her two children by washing and doing odd jobs for neighbors. She had once possessed considerable money, but Suers had lost it all in the Turf Exchange. After bleeding her of every cent and bringing the family to the verge of starvation he abandoned them. Mrs. Suers brought suit for wife abandonment, and it was to have been tried to-day. Last night he entered her room about 9:30 o'clock and the pair quarreled for nearly half an hour. Then the neighbors heard three shots in rapid succession, and when the police arrived they found Mrs. Suers sitting lifeless on a lounge. She had been shot through the abdomen and right leg. The murderer was lying in the middle of the floor with the better part of his brains scattered around the apartment. A six-year-old daughter was found screaming on the floor, her limbs bathed in her parents' blood.

Sentence of the St. Louis Express Robber.

ST. LOUIS, Mo., May 28.—When the case of Prentice Tiller, express robber, was called in the Criminal Court yesterday, his attorneys pronounced themselves as ready to proceed. The indictment was then read to the prisoner, and he was asked to plead. To the astonishment of the Court, Tiller answered without a moment's hesitation: "Guilty, your honor." There was a sensation succeeding this, but presently Judge Van Wagoner turned in his chair, ordered the prisoner to rise, and sentenced him to five years' imprisonment in the penitentiary. This is the full penalty of the law for grand larceny.

Solitary Confinement for a Brute.

DETROIT, Mich., May 28.—David Stone, who was arrested on May 28 at Hillsdale, Mich., on the charge of outraging and murdering his niece, Lulu Dycke, confessed his crimes to Sheriff Miner, of Hillsdale County, on Sunday night. Monday night he was brought into court, where he pleaded guilty, and was sentenced to solitary confinement in State prison for life. He was taken across the country to prison at three o'clock yesterday morning. Extraordinary secret precautions were taken to avoid lynching. His victim was only six years old. After outraging her on the night of the 22d he crushed her skull.

Left on the Eve of His Wedding.

BLOOMINGTON, Ill. May 28.—A brilliant wedding was to have taken place here last evening, but was indefinitely postponed by the sudden disappearance of the prospective groom. John J. Condon, a young merchant, and Miss Mollie Boler, a pretty and worthy young lady, were to wed. Five hundred invitations had been issued, the groomsman and bridesmaid selected, a public hall engaged and all arrangements made. On Saturday Condon departed, it is not know where, but it is said he has gone to Texas

Praying for a Good President.

CHICAGO, May 28.—Members and friends of the Women's Christian Temperance Union held an all-day temperance prayer meeting in the First Methodist Church yesterday. The day was devoted to fasting and prayer for Divine guidance in the selection of a Presidential candidate by the Republican Convention next week. Similar meetings were held throughout the United States yesterday, in pursuance of a call issued by the national officers of the Women's Temperance Union.

ST. LOUIS, Mo., May 28.—Seventeen employes of the Laclede brick works fell with a scaffold, twelve feet high, at Chestenham, a suburb of this city, onto a pile of rocks yesterday. The following is a list of the wounded: William Quinn, scalp wound; Larry Ruzuy, scalp wound; Herman Ritchie, arm broken in two places; Jabez Boren, head; Henry Ritchie, arm sprained; Tom Blake, temple cut; A. L. Vidsot, hip sprained. Doubts are entertained of the recovery of Quinn.

WASHINGTON, May 28.—No information can be obtained here regarding the resignation of Colonel Frey, the Swiss Minister. He left Washington about two weeks ago for a visit to Europe, and before his departure engaged rooms, which, it is said, he intended occupying upon his return in August next.

Cattle Dying of a Strange Disease.

GALESBURG, Ill., May 28.—A strange disease has broken out among the cattle of this vicinity. Four cows worth $500 have died within two days in Dr. Miller's herd of dairys at Abingdon. The first symptom is a dizzy stupor. A fit follows. The animal becomes feverish and dies within forty-eight hours. Black spots are found on the flesh under the hide. It is thought the disease is the black-leg.

GRANT AND FISH.

The Letters from the Former to the Latter Constitute His Sole Explanation, Says Mr. Conkling.

Statements of the Affairs of the Younger Grants—Unsavory Disclosures Concerning the Penn Bank.

Suspension of the Hot Springs (Ark.) National Bank—Flight of the President with a Woman.

The Financial Scandal.

NO FURTHER EXPLANATION.

NEW YORK, May 28.—Ex-Senator Conkling, counsel for General Grant, said yesterday: "The only statement that is to be made on the part of General Grant was published yesterday morning in all the papers of this city, and also through the agency of the Associated Press, in those of other parts of the United States. In that statement the letters alluded to in the reported interview with Fish were given in full, and I see no reason for a further statement on the part of General Grant."

The following are the letters of General Grant to which Fish referred:

NEW YORK CITY, July 6, 1882.—*My dear Mr. Fish:* On my arrival in the city this morning I find your letter of yesterday, with a letter from Thomas L. James, President of the Lincoln National Bank, and a copy of your reply to the latter. Your understanding in regard to our liabilities in the firm of Grant & Ward (as general partners) is the same as mine. If you desire it I am entirely willing that the advertisement of the firm shall be so changed as to express this. Not having been in the city for more than a week, I have a large accumulated mail to look over and some business appointments to meet, so that I may not be able to get down to see you to-day. But if I can I will go before three o'clock. Yours very truly, U. S. GRANT.

NEW YORK, July 6, 1882.—*My dear Mr. Fish:* In relation to the matter of discount kindly made by you for account of Grant & Ward, I would say that I think the investments are safe, and that I am willing that Mr. Ward should derive what profit he can for the firm that the use of my name and influence may bring. Yours very truly, U. S. GRANT.

Fish now says that he did not mean to charge that General Grant had any guilty knowledge of frauds in Government contracts, but simply intended to say that the letters received from General Grant were of such tenor as to warrant any one in having confidence in the representations made by Ward.

John D. Fish, says his father regards General Grant's position in regard to Ward's transactions as similar to his own. Both of them were misled to the extent of trusting entirely to what was said by Ward.

At a meeting of the Metropolitan Bank directors yesterday morning the President said that the deposits had decreased about $9,000,000 since the suspension, but showed no further diminution this week. Many letters had been received from former depositors, which would seem to show that they would again become depositors. Several new accounts had been opened in the past few days, and the bank was entirely sound in every particular.

The State Bank Superintendent, after a careful examination, declares that the West Side Bank has a surplus over and above all liabilities of $63,609. The bank will resume as soon as arrangements can be made with another bank to represent it in the clearing-house.

United States District Attorney Root has lodged a warrant for the arrest of Ferdinand Ward in Ludlow Street Jail last night, on complaint of Bank Examiner Scriba, who charges that Ward aided and abetted President James D. Fish in misappropriating the funds of the Marine Bank. The affidavit recites the same facts as in the case of Fish, giving the amount drawn out of the bank by Grant & Ward as $375,000, and concludes with charging Ward with having "aided, abetted, counseled and procured said James D. Fish to commit the offenses with intent to injure and defraud the Marine Bank for his own benefit and advantage."

The United States Commissioner has held for trial, in their own recognizance, Thomas W. Evans, Cornelius F. Simpson and John B. Dickson, bank officers, for violation of the law preventing certification of checks for a greater amount than is on deposit at one time. The bank claimed the checks were "accepted," not certified.

THE YOUNG GRANTS' DEBTS.

The individual schedules in the assignment of Frederick D. Grant and Jesse R. Grant to James McNamee have been filed in court. The schedules of Frederick D. Grant show the following debts. The liabilities amount to $2,215,086, made up as follows:

Creditors other than preferred	$ 24,300
Creditors preferred	240,961
Contingent liabilities	10,000
Par value securities borrowed from Grant & Ward	1,140,800

The assets are nominally worth $1,900,013; their actual worth is unknown.

Colonel Fred Grant sold his family team, carriages and harness a few days ago for $2,200 and dismissed his coachman and all his house help. His wife, when informed of the failure of her husband and the necessity for economy in her domestic relations, remarked: "I have lived on army rations once and I can do it again."

The schedules in assignment of Jesse R. Grant show debts and liabilities of $95,949, and assets nominally $131,150. Jesse Grant makes an affidavit that he is unable to state the actual value of the assets because Grant & Ward failed, and their property is now in the hands of a receiver and no schedules have been made showing the assets of the firm.

Mrs. U. S. Grant has sold the house 1330 Arcoran street, Washington, which was in her name, to John R. McLean, of the Cincinnati *Enquirer*, for $6,500.

George T. Seney, late President of the Metropolitan Bank of New York, to-day assigned all the valuable paintings in his famous picture gallery at his residence in Brooklyn to the Metropolitan National Bank. The pictures are 137 in number, and their total value is $150,000.

GENERAL GRANT GIVES VANDERBILT A MORTGAGE.

CHICAGO, May 28.—A mortgage from General U. S. Grant to W. H. Vanderbilt on an undivided fourth part of 135 acres of land adjoining Chicago has been put on record in this city. The land was conveyed to General Grant by Joseph R. Jones May 20, 1869. The mortgage is given to secure payment of a check drawn by General Grant on account of Grant & Ward, dated May 3, 1884, for the sum of $150,000, in payment of money advanced by Vanderbilt to Grant & Ward. The mortgage was executed in New York, and bears date May 17.

WHY THE PENN BANK CLOSED.

PITTSBURGH, Pa., May 28.—The directors of the defunct Penn Bank took possession of the individual book accounts yesterday morning, and in a few hours had struck some developments which promise to show why the second collapse came so suddenly. Among the accounts was one of the fictitious firm of D. Wilson & Co., which was overchecked to the extent of $240,000. It is supposed that this represents the accounts of a number of persons lately operating on the wrong side of the oil market. The account of a prominent oil dealer was found to be overdrawn $97,000. The directors have employed an expert to go over the books and report as speedily as possible.

Two experienced bankers examined the bank books Monday night and found that $300,000 had been drawn out from the time of resumption last Friday until the close Monday. There are no certified checks not included in the statement made to the association banks, and the bankers think that if the books are correct the bank ought to pay every cent of its debts. President Riddle slept well Monday night and was sufficiently recovered in the morning to be removed from the Duquesne Club rooms to the house of a friend.

A HOT SPRINGS BANK SHUTS ITS DOORS.

HOT SPRINGS, Ark., May 28.—The Hot Springs National Bank has closed its doors. This was caused by a continued run on the bank, started by the absence of President Andrew Brown, who ran away with a woman named Steele. Yesterday afternoon a warrant was issued for Brown charging him with falsifying the bank's accounts, but he could not be found. The liabilities of the concern are $40,000. The directors believe that if the assets are properly handled all depositors will be paid in full. The Arkansas Valley Bank is not affected.

An Egyptian Governor Does His Duty.

Physicians told Mr. Warner, of Hutchinson, Wis., that his wife was suffering from neuralgia of the heart. He sent for and bought a bottle of Athlophoros. What success attended its use may be gathered from the fact that a few months afterwards Mr. Warner wrote to the manufacturers asking to be allowed to make the sale of the medicine on the streets of Watertown. This has caused him to change his business entirely, he says, and he has seen it used in two cases, and would know no less.
